Q & A Time: anything that needs clarification or was not covered?

Daniel Barton-updated on South Platte Clean Up, It was awesome, 10 boaters, SUP, and Denver Water was a huge help! Denver Water drove pick up trucks, helped pick up the bags of trash that were collected. There were about 115-30 people. Filled up 30-yard dump truck with trash. The after party was great too. We were stuck with the t-shirt bill. Other cleanups might be Pumphouse, and we could piggyback on American Whitewater cleanups.

Next Meeting Date: June 14th, 2017 6:30pm 455 Sherman St. Denver, CO

-Policy for dealing with outside businesses, Jodi Lee knows more, especially if they want to advertise they have to be a sponsorship.

9:00pm Meeting Adjourned!
